The Honorable Garret Graves
U.S. House of Representatives
Washington, DC 20515

Dear Representatives Stanton and Graves:

The U.S. Chamber of Commerce supports H.R. 5315, the “Drone Infrastructure Inspection Grant Act.”

This legislation would leverage drone technology to improve America’s infrastructure through more efficient inspection, maintenance, and construction. Utilizing drones in this manner is one of many solutions this technology can provide, and H.R. 5315 underscores the importance of policy that is conducive to emerging technologies.

Thank you for your leadership on this important issue.

Sincerely,

Jordan Crenshaw
Vice President
Chamber Technology Engagement Center
U.S. Chamber of Commerce
